

QL-400

Semi-Automatic Stretch Wrapper

We continue to fight for Safe-To-Ship loads with Load Guardian® by simply, easily and repeatably delivering the right containment force for any load configuration.

Combined with Pallet Grip® we lock product to the pallet ensuring your loads ship successfully, arriving at their destination in their as made condition.

Load Guardian is Lantech's patented control system that *creates, maintains* and *delivers* the right containment force for safe-to-ship loads every time. It minimizes operator interaction and eliminates the guess work for stretch wrapping any load configuration.

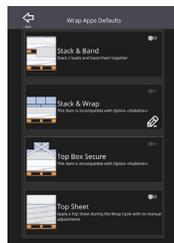

Ready-To-wrap Profiles

Ready-To-Wrap profiles allow operators to select the picture that closest matches the load they are trying to wrap and the machine makes all the adjustments.

Wrap Apps

Eliminates the need for operators to make machine adjustments for common load requirements (e.g. stack & band, stack & wrap, labels, cornerboards, top sheet, top box, short loads)

Reports

Report feature allows you to track machine performance. Cycle data, alarms, alarm history, production reports, profile usage and loads per hour. Downloadable and exportable.

QL400

Specifications

Performance

Peak Production Speed	Up to 25-35 loads/hr
Turntable Speed (Variable)	12 RPM
Turntable Drive	1 HP TEFC

Load Handling

Turntable Size / Diameter	1651 mm (65")
Maximum Load Diagonal / Dimensions	1829 mm (72")
Maximum Load Height	2032 mm (80")
Maximum Load Weight	2268 kg (5000 lbs)

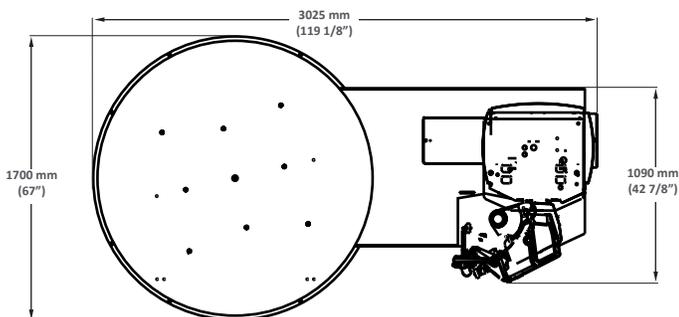

Film Delivery System

Film Delivery System	Power Roller-Stretch PLUS
Standard Pre-Stretch	250%
E-Z Thread Roll Carriage	Standard
Wrapping Force	Variable (Electric)
Film Capacity	254 mm Diameter - 508 mm Length (10" Diameter - 20" Length)
Standard Film Width	500 mm (20") Optional 762 mm (30") Width
Laser Height Sensor	Standard
Auto Film Cut-off	Standard
Pallet Grip®	Standard

Service Requirements

Electric	120 Volt 20 Amp-50 Hz
Pneumatic	N/A
NEMA Type 1 Enclosure	Standard
Wrap Cycle Pause	Standard
One Way Wrap	Standard
Service Support	24 Hrs/7 Days a week
Phone Number	(800) 866-0322

Warranty	5 years, unlimited cycles
----------	---------------------------

Robustness

Hundreds of machine improvements based on 25 years of Q machine warranty experience. Wire connections, motors, reducers, and sensors are improved. Plus new controls.

QL-400 Standard Performance Package

- **Pallet Grip®**
Keeps your loads from sliding off pallets during shipment.
- **Auto Film Cut-off™**
Saves 30 seconds of operator labor per load.
- **Power Roller Stretch Plus™**
Maximizes film delivery system performance.
- **NEMA Type 1 Enclosure**
Protects control system electronics from dust, dirt or moisture.
- **2268 KG (5000 LBS) Weight Capacity and 1 HP Turntable Drive Motor**

No Scheduled Preventative Maintenance.
